WHITE COUNTY AIRPORT BOARD

Surveyor Ward explained that this was a continuation of the discussion with the White County Airport Board. At the last meeting the Drainage Board request that Surveyor Ward contact HWC with a scope of work and see about getting a price for the work. Surveyor Ward said that after speaking with HWC, the cost of the preliminary design would be about \$24,000, and that to help keep costs down he would do whatever he could to help reduce the price by doing some of the work. After short discussion, the Board determined that they may have a better idea on money procurement for the project. Surveyor Ward was tasked with writing up a letter for CHC.

There being no other business before the board, the meeting was adjourned.
