Surveyor Ward explained that we had received the Drainage Plan from Milligan Surveying and it has been reviewed by Bryan Grotz with HWC, who says if they it technically meets the Ordinance but if they can alter the site plan by reducing the gravel and adding some grass by about 2,000 sq feet they will not need a retention pond per the White County Drainage Ordinance. They have written a letter stating that they will make those alterations. Attorney Loy said that they have a survey to take care of the alley vacation. Surveyor Ward recommended approval of the Exemption from a retention pond if the meet the alterations proposed by Bryan Grotz with HWC.
